Tahoe Tennis Academy Training Levels and Player Requirements

Elite Group – LEVEL I - MANDATORY 4 DAYS A WEEK ONLY. This group of players (8 – 11 am, ages 12 – 18) are capable of training at a high level over a long period of time, developing higher level singles and doubles strategies and able to protect themselves against hard hitters. Footwork, jump rope and simple weight training are important to this group of players. Technically, this player uses grips with the correct strokes, knows ready positions and has a strong understanding of court movement. Also, these players will be competitive and determined to succeed. A total of 16 player spaces are available but less if there are not enough to fit the Elite criteria.

Elite & Challenger Group – LEVEL II – 4 DAYS A WEEK (8 – 10 am or 10 – 12 noon, ages 7 – 18). The players that are attending fewer days could be high school players and some could be learning and developing their skills; gaining confidence with grips, swings, hitting stance, and strategies. These players are developing proficient strokes gaining confidence and developing their fundamentals for a stronger game of tennis in a few years. If a younger player is capable and willing to train longer the 8 am group is possible after evaluation for that opportunity with available spots.

Slammer Group 4 DAYS A WEEK (11 – 12:00 noon, ages 5 and 6) This is a group of players is a developmental class that will introduce many parts of the game of tennis in a structured environment. These players will learn and spend more time with racquet skills and control, movement around the court, understanding different parts of the court and how all these will lay the foundation for a their tennis game once they become older and stronger.
